W. L. Garrison

Dear Sir

Will you send  
me the Liberator? I know for  
I do, & know for I do not  
sympathize with the principles  
which lie at the bottom of  
your cause, you know as well  
as I.  
But, allow me to express  
my conviction of the earnestness,  
sincerity, & thorough honesty

which has marked your  
course. - I wish to liberate  
because it is one of the  
few papers in which I  
can find a fair representation  
of the sentiments of those  
who do not agree, as well  
as a representation of the  
views of those who do agree  
with you.

I am very truly yours

Wm. Beecher

I will call & pay you when  
I am next in Boston, which

will be in about six weeks.
